The income statistics above are for all MonaVie Distributors who were paid bonuses during the period from 2 January 2010 to 31 December 2010, at the above ranks, including the cash values of jet credits, rank advancement bonuses, and distributor award trips. A "Distributor" is defined as any person who: (1) executed a MonaVie Distributor Application and Agreement; (2) has sponsored at least one person; (3) has received at least one non-retail bonus; and (4) has been active in any of the eight weeks preceding the bonus period (to learn the requirements for being an "active" distributor in your market, reference your country specific MonaVie Compensation Plan document). Note that this excludes retail customers, preferred customers, retailers (those who have received a retail bonus only), pre-enrolees, distributors who did not renew, and customers, retailers, or distributors whose relationships with MonaVie were revoked. An individual who has executed a MonaVie Independent Distributor Application and Agreement, but has not fulfilled the four criteria enumerated above is not a Distributor. That person is simply a wholesale customer. If, and only when, all four criteria are satisfied does that person become a Distributor. Accordingly, the status of an individual can, and sometimes does, change throughout the course of a year. For example, Mary enrolls as a Customer in February. In April, she qualifies to become a Distributor and maintains her qualification through May. In June she is inactive, and therefore, her status is that of a customer. In July, she begins retailing products to a few customers, and thus, becomes a Retailer (but not a Distributor). In August, she again qualifies as a Distributor but fails to remain qualified for the remainder of the year. For the purposes of this Income Disclosure Statement, Mary will only be considered a Distributor during the months of April, May, and August. **The average annualised income for all Distributors during this period was 1,953.45 GBU. During 2010, approximately 86% of individuals who executed a MonaVie Distributor Application and Agreement, and made at least one purchase in the last twelve months, are considered wholesale customers.**

The earnings of the Distributors in this chart are not necessarily representative of the income, if any, that a MonaVie Distributor can or will earn through his or her participation in the MonaVie Compensation Plan. Your success depends upon your skills, work effort, and market conditions. MonaVie does not guarantee any level of income or your success.

\* Global Bonus Units: GBU is used to determine bonuses paid to distributors. One GBU=US\$1. Once GBU is calculated, it is converted using a predetermined exchange rate into local currency as of the date your earnings are actually paid out in bonuses.

† These figures are derived from a survey of approximately 22,000 distributors performed by MonaVie through our online ordering system.
